

Hoo St Werburgh Primary School & Marlborough Centre PE and Sports Funding Report 2014-2015

The government is providing additional funding of £150 million per annum for academic years 2013 to 2014 and 2014 to 2015 to improve provision of Physical Education and Sport in primary schools. This funding is provided jointly by the Departments for Education, Health and Culture, Media and Sport. This funding is ring-fenced and therefore can only be spent on provision of PE and sport in schools. As we are accountable for this money, the spending and impact of this funding is also monitored by Ofsted.

The amount of grant received

The school has received £9782 from Medway as additional Sports Funding during the academic year 2014-2015. This has been fully allocated to enable a range of improvements.

This money has been used to

- extend existing Specialist Sports Coach provision
- provide additional specialist coaching
- provide additional Sports resources
- extend club provision
- extend the quantity and variety of inter schools competitive sports provision
- extend the PE and Sport training offer to staff to improve skills
- purchase a support package from the Howard School's Sports Partnership, further supporting leadership development and additional coaching
- enable our Sports Coach to lead lunchtime games in KS1 and KS2, two days per week

The impact

The school has managed to maintain its 2 hour sports provision.

As a result of this additional provision pupils have had access to an increased range of competitive sports and a wide range of clubs for enjoyment. Children have benefitted from an externally led Dance club and Gymnastics club and our Shikon Martial Arts club continues to be well attended. Please see the list of Sports clubs and Sports newsletters on the website for the full extended range of provision. Leadership of Sport is developing and funding is allocated for future Leadership training.

The school reviews its sports enrichment programme annually.
