

Year 1 Family Learning Project

Theme: Moon Zoom

Please choose at least one of these 'Moon Zoom' activities to complete this term. Please return all work to school by Friday 5th February so we can share and celebrate our learning.

Work with grown-ups at home to search the web for fascinating space facts and make your very own Space Fact book.

Can you make up your own space song or rhyme? Teach the song to your class and perform it as a space choir!

Ask an adult to help you find the names of all the people who have walked on the moon – there are 12 of them!

Use an app to find constellations, planets and stars in the night sky. Which constellation is the easiest to recognise? Which star is the brightest?
