

YEAR 3 Family Learning Project – Urban Pioneers

Remember you need to show your best presentation in all tasks please! Complete at least 3 puzzle pieces by **18th March 2016**

During Urban Pioneers children will be learning about famous inventors and how their inventions have changed the way we live today. We will also be learning about sources of light and how shadows are formed.

We look forward to seeing your fantastic work!

Create a shadow puppet. How can you make it appear to change size?

Research into a famous British inventor

Design a poster advertising your brand new invention

Research into answering this question:
How is a shadow formed?

Create a model for a brand new invention. What do you think would be useful and people would buy?

Write a diary entry imagining you were the first person in the world to use a telephone!
