

YEAR 3 Family Learning Project – **Predators**

Remember you need to show your best presentation in all tasks please! Complete at least 3 puzzle pieces by **20th May 2016**

During Predators children will be learning about food chains. We will learn about creepy crocs and amazing alligators, the deadly assassin bug and The voracious Venus flytrap. Be inspired to write an exclamation text and compose a poem about a predator or its prey.

We look forward to seeing your fantastic work!

Grid of six interlocking puzzle pieces, each containing a task instruction:

- Purple piece:** Create your own food chain. Try to include at least 6 animals.
- Light blue piece:** Make your own 3D model of a predator!
- Pink piece:** Write an explanation on how a predator hunts for its prey
- Yellow piece:** Create a map of your route to school.
- Orange piece:** Create a miniature Kennings poetry book.
- Light green piece:** Have a go at creating your own game for practising your times tables!
