

Year 3 Celebration Newsletter

Scrumdiddlyumptious

This term we have heightened our senses by exploring a world of all things sweet. We have explored Charlie and the Chocolate factory which has sparked imagination and encouraged the next top chefs to step forward in our cooking sessions! We have explored what the human body needs to stay healthy and put this to practice when we made our own sandwiches for our tea party. We were able to taste food from around the world in a Chartwells workshop and explored foods we may not have tried before! We have worked extremely hard this term to show off everything we have learnt and so we wish you a Merry Christmas and a Happy New Year!

Here are our highlights!

Cooking biscuits

Charlie and the Chocolate factory

Alice in Wonderland

Tea Party

Learning about the human body

Using skittles to help us learn fractions

Swimming

Monkey Maths

Hopefully you have heard lots from the children about Monkey Maths in school. It is an exciting, new lesson that focuses on rapid recall and application of multiplication and division facts!

The children are enjoying the challenge of beating the Spider Monkey (x2, x5, x10). To get their certificate they have to complete the test accurately in 3 minutes 10 seconds. Any help at home towards this will help us move to Capuchin Monkey (x3 x 4). Well done to year 3 pupils who have already achieved this or are very close!

Fabulous family learning projects!

Thank you for the Roald Dahl themed family learning projects this term, children are so proud of what they have created and we hope you enjoyed the Roald Dahl pop up gallery!

Keep your eyes peeled for next term's jigsaw puzzle for some more creative and exciting projects.

We wish that you have a very **Merry Christmas** and a **Happy New Year!**

Explosive Volcanoes.

Next term, our topic is 'Tremors'. We will be learning about the geography behind volcanoes and earthquakes and what happens in a volcanic eruption! Our learning will be explosive! We will learn about Pompeii and the famous Mount Vesuvius in history alongside reading The Firework Maker's Daughter in guided reading. We will have the opportunity to make our own volcanoes in Science .

Make sure you stay safe over the Christmas holidays and enjoy time spent with your friends and family.

We look forward to seeing you on January 4th 2017 for a whole new term's worth of exciting learning.

PE

Please note that swimming has finished for year 3 this year. Please ensure that your child has a full kit in school for indoor and outdoor PE next term.

Year 3 Celebration Newsletter

“I have enjoyed swimming because I got to jump in the deep end!”

“I’ve enjoyed trying new biscuits and sandwiches!”

“I enjoyed the tea party because I got to make biscuits and sandwiches.”

“I enjoyed food tasting because the Paella tasted yummy!”

“I enjoyed writing an elf diary!”

“I really enjoyed making decorations for the tea party!”

“I’ve enjoyed learning new things in all my subjects this term!”

“I really enjoyed exploring where different food comes from all over the world!”
