Our Learning this Term-

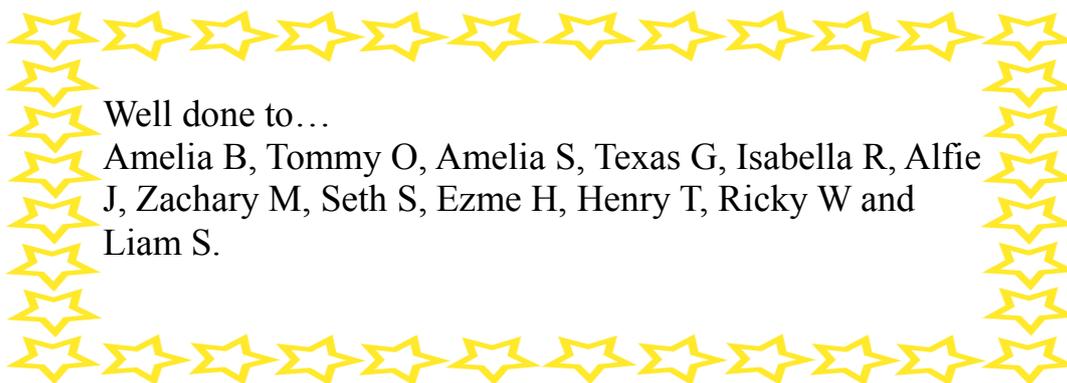

This term we have been learning all about stories. We have acted out the stories, learnt about the beginning, middle and end of stories, thought about the characters in stories and how they act and why. We have learnt that we can make up our own stories and as they are our stories we can make them happen wherever we want, have whoever we want in the stories and then have whatever we want happen. We have focused on who? (characters), where? (setting) and when? (plot). We have really enjoyed having visiting storytellers—thank you so much all the family members who have been able to come in to read and tell stories. We were lucky enough to have stories in Lithuanian, Thai and sign language too!

Hall of fame

Well done to all of our merit award winners this term!

Well done to...

Amelia B, Tommy O, Amelia S, Texas G, Isabella R, Alfie J, Zachary M, Seth S, Ezme H, Henry T, Ricky W and Liam S.

Uniform

There has been a big improvement with children taking responsibility for their clothing and we have had fewer missing items. Don't forget when you replace uniform to put the children's names in—thank you

"We're making a new bridge for The Billy Goats Gruff." Freddie

"It's a new house for the Three Little Pigs." Seth

Lola's new brick house for The Three Little Pigs.

Look at our learning this term.

"These noodles are yummy!" Poppy celebrates Chinese New Year

Henry "We've got four goals and you've got three."

Ezme "I am the wolf and I am blowing Zane out of his stick house!"

Noah "I made the brick house from the three little pigs. This house is the strongest."

Ricky "I made my house like the pigs. I made it from blocks and wool. You have to tie it round and make a door."

Our Learning next Term-

Next term our topic is: Why can't I have chocolate for breakfast? We will be learning about healthy lifestyles—eating balanced meals and doing exercise. We will learn about how to keep safe and how to keep risks to a minimum. We are hoping to visit Tesco's to look at how different food is stored and look at where chocolate comes from. Along the way we will be eating breakfasts from around the world, making smoothies and designing healthy meals.
