

Year 3 Celebration Newsletter

I have enjoyed playing dodge-ball in P.E.

I really enjoyed the drum workshop.

I really enjoyed looking at Volcanoes using the virtual reality goggles from Google.

Making Pharaoh masks in Art was the highlight of my term,

I have enjoyed the whole topic of Ancient Egypt this term.

I have really enjoyed learning about mummification.

I enjoyed using torches in our light topic in Science.

I really enjoyed being able to make cakes in our button afternoon.

Year 3 Celebration

Newsletter

Pharaoh

This term our topic has been 'Pharaoh'. We have explored the life of Ancient Egyptians. We have looked at how people were mummified and what the mummification process is. We investigated 'Was Tutankhamun killed?' and we held a debate in class. Our majority vote was that he WAS killed, we just don't know who by. In Science we have studied 'Light'. We have investigated the most reflective surfaces, what a light source is and the pro's and con's of the sun. We have all worked extremely hard during recent tests and have proved how important learning is. Have a lovely Easter break and we look forward to making new memories and highlights in term 5!

Here are our highlights from term 4!

Comic Relief

World Book Day

BFG storytelling

Pancake Day

Eating Tarka Dal in R.E.

Dodgeball in P.E.

Drumming workshop

Monkey Maths

We have continued to focus on improving our scores in Monkey maths this term in school. To make our scores better we need to focus on rapid recall of the times tables and division facts.

We are still enjoying the challenge of beating the Spider Monkey test (x2, x5, x10) and completing the test 100% accurately in **3 minutes 10 seconds**.

Any help at home towards this will help us move to Capuchin Monkey (x3 x 4). Some year 3 pupils are rapidly improving their scores and should be proud of their dedication.

Well done to Dylan, Gary, Rozella, Kyran and Eleanor who have beaten the Spider Monkey and are now on a quest to beat the Capuchin Monkey.

Fabulous family learning projects!

Thank you for your homemade musical instruments for your family learning projects this term! There are some amazing creations and some very proud performances have taken place to show what sounds they make.

Keep your eyes peeled for next term's jigsaw puzzle for some more creative and exciting projects.

Rainforests

Next term, we will be exploring the deepest and most extraordinary Rainforests in our Topic work. We will look at the animals of the Rainforest and how different animals adapt to their environments, the climate in a Rainforest and most importantly, what we as humans have to do to protect it.

Parent drop in

We enjoyed catching up with those of you who came to the parent drop in during the last week of term. We were please to let you know about how well your children are doing in year 3!

PE

PE will continue to be on Tuesdays and Thursdays in Year 3. However, please ensure that your child has a full kit in school everyday for indoor and outdoor PE next term.
