

# FS celebration newsletter

## Our Learning this Term-

We started off this term very excited having found some dragon eggs in our garden area! We looked after the dragon eggs by keeping them warm and have been watching them everyday in case something happens. So far we have seen a tiny crack—maybe they will hatch before half term?

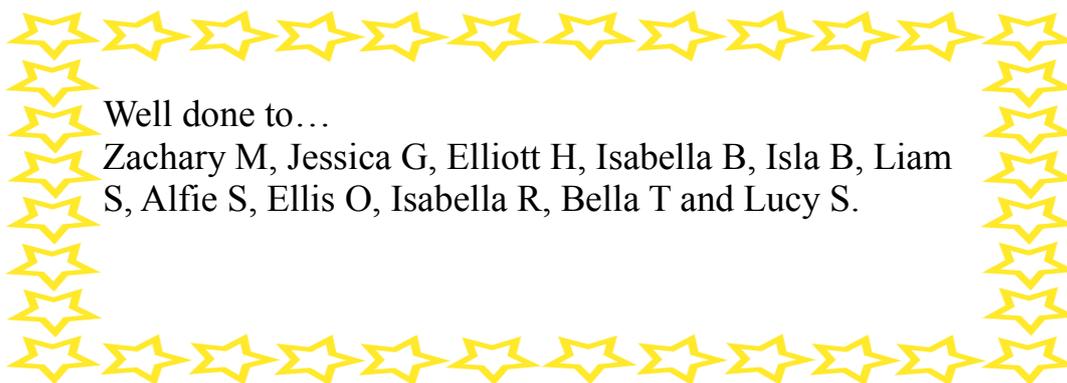

We have researched both fantasy dragons and real dragons and have even been lucky enough to have a bearded dragon in to visit us! We found out what it eats and how to care for it. Some of us were brave enough to hold and stroke the dragon to find out how it feels. We have also looked at castles and found out the names of the different parts. We very much enjoyed our trip to Upnor castle. The FS children's behaviour was exemplary and they did the school proud. Well done for all your fantastic learning this term!

## Hall of fame

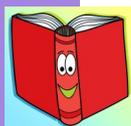

Well done to all of our merit award winners this term!

Well done to...

Zachary M, Jessica G, Elliott H, Isabella B, Isla B, Liam S, Alfie S, Ellis O, Isabella R, Bella T and Lucy S.

### Reading and Homework

Thank you for all the fantastic dragons you made at home with your children. The children enjoyed sharing their projects with their class and were able to tell us how they made them and what they used to create them.

Please continue to read at home with your child, remembering to sign their contact book when you do. Well done to those children now reaching the 60 mark on the reading rockets. Who will be first to reach 100?

Let's make a nest for the eggs!  
Isabella

I am a princess and I am being saved by George from the nasty dragon. Daisy May  
I am saving the princess! Amelia

I think they might be dragon's eggs.  
Alliyah

**Look at our learning this term.**

I am counting in 10s and splitting the beads in half. It has to be the same each side. Oliver

I think he is a friendly bearded dragon.  
Tommy

I am holding the dragon and I liked to hold him. He feels soft on his belly and his spikes feel all prickly.  
Dylan

**Our Learning next Term**

Next term our topic will be "Under the sea." We will be learning all about what creatures live under the sea and finding out what mysteries lurk beneath the surface!

We will be looking at poetry, rhyming and patterns in words. We hope to create our own poems as well. We will be learning about different seaside locations, the weather, how to stay safe in the sun and what a traditional day by the sea would entail.

**Please note**—from next term we will be asking you to drop your child off at the gate in the morning to support them with getting used to what it will be like in Year One. You can leave messages with the adult on the gate or speak with us at the end of the school day when pick up will be from the classroom as usual. Please speak with your child about this in readiness for the first day back. Thank You!
