

Year 3 Celebration

Newsletter

We got to watch the Disney Jungle Book film to learn about the characters and describe them!

Whilst on the trip, we went to a Touch and Taste workshop. I really enjoyed the sausages!

We have written stories set in the Jungle and have used the classic story of Jungle Book to help us!

During this term we have been doing some gardening. We have cleared the weeds and planted seeds!

I really enjoyed the school trip because we got to taste different foods.

We saw a Birds of Prey show at the Living Land trip. Did you know that owls only see in black and white?

We have enjoyed reading Flotsam—a book about a magical camera without any words!

During Outdoor Classroom day we searched for twigs around the school grounds and then created Roman numerals.

Predators

This term we have spent the 6 weeks learning all about the rainforests around the world. We have paid a particular interest to the climates in those rainforests and have explored which animals live there. The classes have learnt the four different layers of the rainforests and I'm sure if you ask them, they will show you some actions too. Year 3 enjoyed a busy and enjoyable day at Living Land this term, which helped discover new love for different fruits and vegetables grown around Kent, alongside an opportunity to touch lots of animals and taste many different farm made foods. What a fantastic term 5!

Here are our highlights from term 5

Farmer's wife visit

Hoo Peninsula history workshop

Outdoor Learning Day!

Gardening

Parent's evening

Living Land trip

KS2 disco

Monkey Maths

We have continued to focus on improving our scores in Monkey maths this term in school. To make our scores better we need to focus on rapid recall of the times tables and division facts.

We are still enjoying the challenge of beating the Spider Monkey test (x2, x5, x10) and completing the test 100% accurately in 3 minutes 10 seconds.

Any help at home towards this will help us move to Capuchin Monkey (x3 x 4). Some year 3 pupils are rapidly improving their scores and should be proud of their dedication.

Well done to Alex, Thomas, Charlie, Sofia, Harry, Ugne, Savannah, Connor, Paige and Hope who have beat the Spider Monkey this term!

Also to David for beating the Chimpanzee and Orangutan Monkey this term!

Things to do in Medway over half term.

Kent Life Sheepstakes event (Sat 27th May - Sun 4th June)

Jousting at Leeds Castle (Sat 27th May - Mon 29th May)

Historic Dockyard Pirates event (Sat 27th May 17 - Sun 4th June)

Millbrooke Garden Centre Gravesend - Mini-beast week (Mon 29th May - Fri 2nd June)

Have Fun!

Flow

Next term, we will continue our Predators and Rainforests topic as we still have lots of exciting things to learn. We will then move on to explore our new topic called Flow. Children will have the opportunity to learn about rivers in their topic work, alongside learning about plants in Science.

Term 6

This school year seems to have flown by! Now as we enter term 6 of the year 3 team, expect a final push from all children in attendance and effort in lessons.

The term will have lots of exciting things happening as we lead up to the summer, however pupils need to remember that high behaviour expectations remain.

PE

PE will be on Tuesdays, Wednesday's or Thursdays. However, please ensure that your child has a full kit in school everyday for indoor and outdoor PE next term.
