

Turtle Class Family Learning Project

Moon Zoom!

Please choose at least **two** of the 'Moon Zoom!' activities to complete this term. Please return all work to school by **Monday 16th October 2017**.

Visit local library and search space themed books and make a poster on what you have found out.

Ask an adult to help you find the names of all the people who have walked on the moon. Write the names and the dates.

Make a telescope from junk materials, use it to look at the stars. Can you see the wonderful patterns the stars make? Draw the pattern on paper that you have spotted and take it into school to share.

Imagine you are an astronaut completing different missions and make a mini book about your work.
