

Year 2 Learning Celebration

This term we have been learning all about Castles. We created timelines to show how castles have changed over time and what they have been used for over the years.

We really enjoyed the trip to Rochester Castle and the Guildhall museum and learnt about how the castle has changed over the years. We all made it to the top of the castle even though it was very cold!

Design and Technology

As part of design and technology we created our own castle biscuits. They were very tasty!

Merit Awards

This term our focus has been celebrating children demonstrating a 'Growth Mindset'. We have rewarded merits to children for; perseverance, hard work and ensuring they always complete work which is of their best ability. They should all be really proud of their achievements!

Monkeys Class: Mia, Harriet, Alice, Beau and Guy

Dinosaurs Class: Alisha, Callum, Chloe, Lilly-Rose and Olivia

Simples

Our next learning project is 'Simples'. We will be learning about hot and cold regions across the globe. We will focus on the Kalahari Desert in South West Africa. This is the home of Sunny the Meerkat in the story book Meerkat Mail by Emily Gravett. We will also complete investigations on the weather in our local area and create our own inventions for measuring weather.
