

Year 3 Celebration Newsletter

“I have enjoyed swimming because I got to jump in the deep end!”

“I’ve enjoyed trying new biscuits and sandwiches!”

“I enjoyed the tea party because I got to make biscuits and sandwiches.”

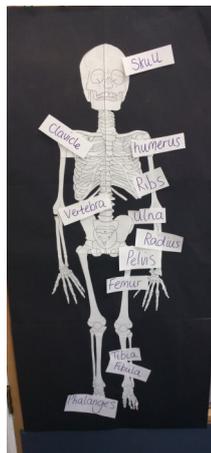

“I enjoyed biscuit tasting and comparing the different biscuits.”

“I enjoyed writing an elf application at Christmas!”

“I really enjoyed making decorations for the tea party!”

“I’ve enjoyed learning new things about the human body in Science this term!”

“I really enjoyed exploring where different food comes from all over the world!”

Year 3 Celebration Newsletter

Scrumdiddlyumptious

This term we have heightened our senses by exploring a world of all things sweet. We have explored Charlie and the Chocolate factory which has sparked imagination and encouraged the next top chefs to step forward in our cooking sessions! We have explored what the human body needs to stay healthy and put this to practice when we made our own sandwiches for our tea party. Thank you for coming along and sharing our creations! We also did some biscuit tasting to analyse existing products!

Here are our highlights!

Cooking biscuits

Charlie and the Chocolate factory

Tea Party

Learning about the human body

Swimming

Making Sandwiches

Learning about the different food groups

Planners

Thank you for using the Key Stage 2 planners to support and inform us of reading at home. Please encourage your child to read 5 times a week and that this is shown in the 'reading' section of the planner. Reading opportunities at home will support pupils when taking their Accelerated Reader quizzes so that they can improve their average scores over time.

Also, ensure that they practising spellings and times tables at home to help further improve their scores in class.

Happy New Year!

We hope you had a wonderful Christmas break and a very Happy New Year!

PE

Children have now finished swimming for this year and will continue to have PE on Mondays and Wednesdays. Please ensure pupils have a named indoor and outdoor kit as they will continue to go outside through the coming term.

Explosive Volcanoes.

Next term, our topic is 'Tremors'. Our learning will be explosive! We will be learning about the geography behind volcanoes and what happens in a volcanic eruption as well as earthquakes and tsunamis. We will also learn about Pompeii and the famous Mount Vesuvius in history.

In Science we will be learning about forces and magnets and investigating with them!

Monkey Maths

The children are very motivated by increasing their scores in their fortnightly tests. Well done to these pupils who have passed Spider Monkey in Year 3 so far:

Jake Stratford
Connor Green
Kimora Haynes
Maddie Yates
Tilly Middleton
Ruby Misselbrook
Lauren Hatch
Peter-Junior Cornish
Emily Bunyan
Indy Rossitor

Well done to Niamh McMonies for passing Capuchin Monkey!
