

Year 2 Learning Celebration

This term we have been learning all about The Great Fire of London. We created our own timeline of key events and discussed how the fire changed London. We also learnt that the fire started in a bakery on Pudding Lane so we made some cakes using a recipe similar to one used in 1666.

As part of Design and Technology, we created our own Tudor houses. We had to think carefully about what we wanted our final product to look like and worked hard to achieve this.

Art

As part of our topic we learnt about Samuel Pepys. We used a famous portrait of Samuel Pepys to help us create our own version.

Science

In Science, we have enjoyed completing lots of fun experiments. We have researched into; how to clean a coin, what size parachute makes it fall slowly to the ground and which surface cars travel the furthest on.

Wriggle and Crawl!

Our next learning project is 'Wriggle and Crawl'. We will be learning about mini-beasts and their habitats and will even have a go at designing our very own creepy crawlies. In science, we will be learning about life cycles and how to look after animals – we may even have some very special visitors to look after ourselves!
