Year 2!

What a fantastic start to the year with a very successful Term 1. The children have amazed us with their passion for learning, creativity and resilience.

We cannot wait to get underway with term 2 and continue our learning along with our school trip and all things Christmas!

Things to note:

Children with RWI reading books will continue to have their books changed on a Monday and Thursday. The book change will happen if the book has been read along with a date and signature. Please can we ask that children bring in their reading book and contact book everyday. We appreciate your help with this.

TTRS can be used at home, and we are encouraging children to spend some time each week logging on and completing challenges. This fun, interactive app supports their learning of multiplication and division. Something we will learn more about as the year goes on. If you need your child's log in details to be re-issued, please let us know.
Thank you for continued support.
Mr Dunne and Mrs Speller

Year 2

Learning Letter

Term 2

This term's learning journey.

What would life be like living in a castle?

Year 2 will continue to immerse themselves in all thinks castles this term. After a fantastic term of learning we are keen to continue our learning and develop our understanding of the past even further! We will be looking at monarchies of the past and present, exciting battles and interesting ways to tell stories of the past.

We will continue to investigate materials and their properties to help us decide on the best material for a knight!

We cannot wait for our trip to Leeds Castle in December where the children will be able to explore the castle to showcase their learning and take part in exciting activities.
