Year 3 Term 2

Term 1 in Year 3 was a MASSIVE success. We dissected poo, made mammoths, created stone age cave art and went on a fantastic trip! The children loved learning all about how Stone Age children grew up and developed as well as how independent they had to be to help their family survive.

Year 3 Learning Letter Term 2

This term in Year 3, we will be looking at the Ancient Egyptian civilisation looking at how they carried out the mummification process as well as the mystery of the pyramids.
Furthermore, we will be researching the key pharaohs from this ancient period and how they impacted history.
We will also have a focus on learning our 5 times tables and the related division facts from 1x5 to 12x5
