

Welcome back to Term 6!

We hope you all had a wonderful half term break. We are so excited to welcome the children back for our final term in Year 1 – we have lots of exciting learning ahead!

Last term, the children absolutely loved being historians and taking a trip back in time to explore toys from the past. It was fantastic to see their curiosity and enthusiasm as they compared old and new toys. A highlight was our *Learn With Me, Show Me* session, where the children had a brilliant time making their own toys alongside parents – thank you so much for your support!

The children also developed fantastic skills when learning to use scooters. They showed great determination, balance and confidence and really enjoyed taking part in these sessions.

In our health learning, we explored how to stay healthy and made delicious fruit kebabs. The children were very proud of their creations and enjoyed trying a variety of fruits.

Phonics Screener Check - The phonics screener check will be carried out during the week commencing 08/06/26. All children have been sent home with a phonics screener practice booklet. Please encourage your child to practice reading the words. If you need any further support please ask a member of staff.

We are really looking forward to an exciting end to the year, including our upcoming school trip to **Wingham Wildlife Park on Friday 17th July**. Please refer to the letter that has already been emailed for further details.

Thank you for your continued support – we can't wait for another fun and busy term!

Year 1

Learning Letter

Term 6

This term's Super Six.

This term we are continuing with our learning journey 'A blast from the past'.

We will be delving into 6 new texts to support us with learning how we grow and change over time and how we are making History. To further support this please can you send in or email a few photos of your child when they were a baby and a photo of a significant event in their life e.g. first day of school.

Some of the books chosen will also be used to further extend children's knowledge and understanding of animals.

Subject specific information

English

Setting description, Explanations and Non Chronological report. Common exception words.
