

Last term in Year 2:

Term 2 was another successful term for Year 2!

Leeds Castle was a fantastic day out for the children, exploring

the castle grounds, features and taking part in a potted workshop to discover the history of Leeds Castle.

It has been great to see the children engage with Numbots during term 2 and we will continue to use numbots to promote number fluency along with the introduction of Times Tables Rock Stars (TTRS) to learn and rehearse times tables.

Reading remains a focus for year 2 as we continue with daily phonics and comprehension lessons to support children use their "story teller voice". Please can you continue to read with your child at home on a daily

Year 2 Learning Letter Term 3

What can we learn from explorers and inventors?

We will be discovering inventors and explorers of the past and present. We will also discuss and understand the definition of and what is a pioneer.

Pioneers across the world will be at the focus of our learning across the next two terms, with Term 3 focusing on inventors and pioneers within our local area! We will be researching the hows and whys of various inventions and discoveries. Thomas Aveling, Mary Anning and Amelia Earhart are just a few of the amazing people Year 2 will be
